I first began creating Shinigami Alice because the staff asked me to produce a piece with an atmosphere reminiscent of the anime "Noir." A lot of obstacles arose along the way, but thanks for sticking with me! Once I had such a bad toothache that I cried like a little kid in the middle of drawing. The 3/11 earthquake struck on the very day that I was about to turn in my manuscript, and I ended up getting stuck at the office. The next day, I performed final revisions while trembling in fear of aftershocks.
There were days when I forced everyone at the office to stay behind and do overtime with me, too. Though it was a long and difficult road, we've finally come to the end!

Miyazawa Akira
Masaki's aunt (her mother's younger sister). Works in IT. To tell the truth, she has quite a sister complex. So of course she absolutely adores Masaki, the daughter of her beloved big sister.
If you think about what might happen after the end of the main story, she starts to seem like the most pitiful character of all. Seems like she would just keep waiting in vain for Masaki to come home. On a related note, she was primarily responsible for supporting Masaki's lifestyle until now. She'll probably stay single for the rest of her life.
Keeps her hair pulled back in a bun.
Thick glasses and a strong prescription.
167 cm tall. 32 years old and rather absent-minded.
Unlike Hinageshi, who is skilled with a variety of weapons, she only uses her needles.
Naturally, she's flat as a pancake!
She wears puffy bloomers, garters, and white stockings.
Her needles, about 30 cm long, are an oversized version of the type of pin used in dress-making.
Camellia (12 years old. 143 cm tall)
Hinageshi's younger sister (not blood-related; it just means that they used to be partners). Her name is a reference to the camellia flower. She's totally yandere. Personally speaking, she's my favorite character. She's quite violent; just look at how she stabs her teddy bear full of needles. However, she doesn't devote a single thought to anyone other than herself and Hinageshi, which results in her doing some pretty crazy stuff. She usually acts according to her superiors' directives and is very good at what she does, so she has yet to get in trouble. That said, they would definitely not overlook it if she chose to let Hinageshi escape without pursuing her.

Why are you...?
I stopped by earlier today,
but I forgot my jacket.
I wanted a chance to see you face-to-face too, so I thought I'd drop by for a bit...
But more importantly, Masaki-chan,
why are you heading out on your own at this time of night?
!!
Did something happen?

You lost something...?
Did you drop it somewhere?
It's getting really dark.
Can't you look for it tomorrow?
I have to hurry...

If I don't hurry...

Sorry, that must have startled you.
I hope it didn't hurt too much.

Eh...?
Why don't we contact the police?
In that case...
!
It's understandable that you're worried about your friend.
We should let the police handle it.
It's quite late, after all.
If you're determined to look for her on your own, let me go instead.
You stay here at home, Masaki-chan.
What are you saying...?
I can't just sit here and wait...
I'm going, too.
I'm gonna find Hinageshi and
Masaki-chan.

Please listen to me. I'm begging you.
!?
...I won't force you to tell me all the details.
But that injury of yours must mean you've gotten caught up in something dangerous.
You'd better back off a little.
what happened back then...
Surely you haven't forgotten
But...!

I made a vow that day.
Standing before my elder sister's...
No, before your parents' gravestones...
I swore I would
protect you for them.

...Please do as I say.

Please don't go...

...You're thinking about her.

You are so kind. So gentle.
You're in such dreadful pain,
and yet you think only of her.
...Oh, sister dearest.
I just had a wonderful idea!
...Ah, yes.
Please do become mine.
my lovely Hinageshi.
Gaze only at me.
Do that, and...
!?

I promise you
I will not lay a finger upon Kanogawa Masaki.
Hehe
!
!
After all, she comes from a different world than us.
Shall we let her return to her normal, everyday life?
To the way she used to live?

I know there is no place for me in Masaki's ordinary life.
If only she had never met me,
That would be the best way
to guarantee her happiness.
Masaki would still be living a normal life...
If she loses you...
All alone...
It might shatter her for good this time.
Well...
what is your answer...?

No need for me to dirty my hands.
Kanogawa Masaki is destined to be disposed of sooner or later,
as long as the Puppeteers exist.

Now this is finally getting interesting.
Welcome.

CREAK
STUMBLE

The pieces
are all

It is time to begin
our final dance.
